

## Product Change Notice

**Product Change Notification Number:** IA8X44-A

**Title:** Product Marking for the IA8X44, Version -00 and -P01

**Date of Notification:** March 27, 2002

### Description of Change:

The IA8X44 has been marked indicating two different die versions, when in fact, the die version is the same. The following table shows exact product marking and indicates which devices are interchangeable.

Product Version -00	Product Version -P01	Status
IA8X44-PDW40I-00	IA8X44-PDW40I-P01	-00 Interchangeable with -P01
IA8X44-PLC44I-00	IA8X44-PLC44I-P01	-00 Interchangeable with -P01

This change is effective as of the Date of Notification.

### Impact of Change to the Customer:

Customers using devices marked -00 must now order devices marked -P01. Since there is no difference in between product versions other than part marking, there will be no impact to device operation in customer's applications. In order to confirm a customer's desire to use the -P01 version, purchase orders need to specify ordering the -P01 version. Customers with outstanding purchase orders need to re-issue the order to specify the -P01 version.

### PCN Revision History:

<u>Revision</u>	<u>Date</u>	<u>Reason for Change</u>
A	03/27/02	Production Version -00 and -P01 are equivalent devices
